HOW TO SIZE MERCHANDISE:

DO NOT size by Small, Medium, and Large. These sizes are only for Maternity items.

ONLY NUMERICAL SIZES WILL BE ACCEPTED (SEE CHART LINKS BELOW):

- Choose from Women's & Junior number sizes.
 - When tagging, scroll down to "Women's" and you can select your size.
 - EX: Women's 8 and Junior 5
 - If your women's garment tag is "SMALL": look on the chart and select the smaller number size: Women's 4
 - Or select the Size number of how the item fits.
 - I have some "Large" items, but I know the item would fit size 8-10 (runs small), so I would tag this item "Women's 8" or "Women's 10" according to how I think it fits.
- If you do not tag the item with the correct size for our shoppers, the item will NOT sell.
- If item is Petite, Short, Tall, Wide, etc.: Indicate in the typed description on tag.
